Dated 24th Dec 1901

From
A. Ramanuja Iyengar Esquire
President City Municipality

To
A. V. Narayanayyah Esqre
Secretary to the Govt of

Sir,

I have the honor to State that Several window frames were made in the Mysore jail for the use of the Davanagere Municipality; Some of which were sent there and the rest were allowed to lie in the Memorial Hall Compound as they were not required by that Municipality.

During the last recrudescence of Plague, the then Chief Plague Officer gave Some of them free of cost to the residents in the City. The remaining 67 are Still lying in the Memorial Hall Compound. They are of no use to poor people unless they are altered. They were put up to auction in Several places along with the materials of dismantled houses but no one came forward even to offer a nominal Sum

Davanagere Malayas have

have started construction of their new houses on the Jalapura Extension Some of them have already completed their houses and move themselves there very shortly These people are in need of windows to their houses and pray that the frames in question may be given to them free of cost as they are poor. I am of opinion that they deserve this concession The Superintendent, Mysore Jail has no objection to this proposal and a copy of his reply is herewith submitted for reference.

Should the Government please to sanction the grant of these frames to them, I beg to state that I shall use my discretion and give two frames to such of the persons who have fairly completed their houses. Though it is a very small inducement, yet it will stimulate one and all to complete their houses as early as possible

I have the honor to be,
Sir
Your most obedient Servant

My dear Mr Naujunda Ayyar,

I think it is a good idea to make a present of these window frames to deserving poor people. Last year and the year before last I gave away some of these to very poor indigent people in whose houses ventilation and Sun-light were wanting. I did so as the Chief Plague Officer. I tried to sell these window frames by a public auction in accordance with the order of the Inspector General of Prisons; but nobody has come forward to offer more than one and one and a half rupee at the outside for each window-frame. I believe there are over 80 window frames with me and these I have kept at the Town Hall in charge of Venkata Rao, your office Munshi or some such employ and has the charge of disinfecting stores

If the Government sanction

your proposal, you are welcome
to take charge of the frames

yours &c

Sir,

In reply to your Memo No.344/J dated 28th May 1902 directing me to report how and by what authority the 113 windows were handed over to the Mysore City Municipality and not sold by public auction as directed by Government, and also to recover the value of 46 windows unauthorizedly used for purposes other than Plague from the President, Mysore City Municipality, I have the honor to report as under:-

The 113 windows referred to in the above were not made over for good to the City Municipality but were removed to a central spot in the town viz: to the Rungacharlu Memorial Hall to be disposed of by public auction.

Government having directed the disposal of these windows by public auction, I tried more than once to so dispose of them but without success. (vide my letter No.91 dated 7th August 1901 copy of which is herein enclosed) I had therefore to dispose of them as purchasers sought for them.

The disposal of the windows was made as under:-

Particulars.	No.	How adjusted:
Used for Jailors Quarters	1	Value recovered
Sold to the public	12	------do-------
Sold to Mr.Venketa Rao	12	Value will be recovered before long
Issued to slaughter house.	1	-------do--------
Balance on hand	67	
Total.	93	

Also in their Records from Board - A

Under verbal instructions from the then Plague Commissioner in Mysore, 20 windows were given away gratis by me as the Chief Plague Officer at the time. The President of Mysore City Municipality will be requested to have the value of these 20 windows adjusted by book transfer, even now I could only dispose of the windows remaining on hand by ones or twos.

Correspondence ending with letter Vol081-J dated the 5th Novr. 1902 from the Inspr. Genl. of Prisons in Mysore, regarding the adjustment of accounts of certain window frames manufactured in the Jail at the Central Jail Bangalore & Mysore for the use of the people at Davangere.

Order thereon No. 10 8302-6 D7/3 & 8453-61

On the recommendation of the Senior Surgeon and Sanitary Commr. with the Govt. of Mysore, the Plague Commr. requested Government for the issue of orders to the Jails at Bangalore and Mysore to manufacture and supply the Assistant Commr. at Davangere with 1000 window frames each measuring 3'x2' with iron bars one-third inch thick for the use of the inhabitants of that place, some of the leading merchants having guaranteed payment for the same.

2. Accordingly 720 windows at an aggregate cost of Rs2,708-11-0 were prepared and forwarded from the said Jails to Davangere but the inhabitants were backward in purchasing them and none of the windows were therefore sold. The prospect of realizing by sale at Davangere by public auction, the outlay incurred in the manufacture [redacted] report of the

the window frames in question to Da
-vangere not being very hopeful, the
Deputy Commr., Chitaldrug District,
was requested to send back [redacted]
[redacted] the window frames to the Dy.
Commr., Bangalore District, who was
asked to make proper arrangements
for their sale, by public auction
at the city, in such instalments as
he may consider advantageous and re
port the result for the information
of Government.

3 The report received from the
Deputy Commissioner, Bangalore Distt
shews that the 720 window frames
sold at Bangalore by public auction
realised only Rs810.

4 Out of the number manufactured
in the Jail at Mysore, 113 were never
sent to Davangere but ,it is stated,
that out of this number, 26 were sold
to different individuals &c at Mysore
and their cost adjusted, 20 were
given away to the poor under the
orders of the late Plague Commr, and
the President, Mysore City Municipa-
lity, suggests that the remaining
67 windows frames may be given away
gratis to some of the Koleyas of Eran
-gere who are stated to be building
houses in the Jalapuri Extension of
the Mysore City. This is approved
and the value of 20 frames alleged
to have been given away to the poor
under the orders of ~~the orders of~~
the late Plague Commr. will be

written off the accounts.

5 The total amount to be adjusted in this connection is Rs3065-3-9 as shown in the margin; but as a sum of Rs810 has been realized by the sale of 720 windows at Bangalore and as it is reported that the value of 26 windows in stock in the Mysore Jail, viz, Rs82/- (approximate) has been adjusted in the accounts of the Mysore Jail the balance which should be finally adjusted, as loss on this account, is Rs2173-3-9. The Comptroller is requested to debit this amount to the savings in the Plague Budget for 1901-1902.

6 It is however not clear from the reports received as to what expenditure has been actually incurred on account of transport charges to Davangere and back, and if the same has not already been adjusted, the officers concerned will apply for the sanction of Govt. for debiting the same to Plague Funds.

SIR, —

5.4.56/file 4/IV/D

With reference to your memo No. 9223 L.B.(P). 422 dated the 1st December 1902, regarding the loss incurred in connection with the windows frames manufactured for the use of the people of Davangere, I have the honor to state that this lossof Rs. 2173-3-9, which has been directed to be admitted in the accounts of the current years budget, is one of the several unexpected charges for which no provision has been made in the budget, but which go to swell the amounts to be met from it and thereby proportion-ally diminish funds for the current year's expenditure. The item shown in the accompanying statement aggregating Rs. 11423-3-9, have as desired by Govt. in their Progs. noted against each item have already been met out of the grant of one lac of rupees. If such unexpected charges are all to be met out of this year's gra-nt - reduced as it is - the total expenditure must of necessity run over and above the sanctioned scale, in which case a supplemental grant will, I fear, have to be sanctioned. Of course the pl-ague expenditure is being and will be kept as low down as possible.

I have t e honor to be,

sir,

your most obedient servant,

T. Subbaraya Abba

-y Commissioner.
